

2008 NEC 16 HOUR UPGRADE

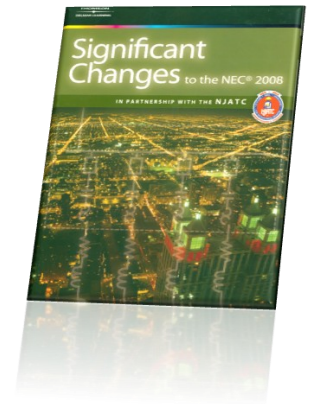

Class dates and times: November 9th, 11th, 16th, and 18th
From 6:00 P.M. to 10:00 P.M. each day.

As winter quickly approaches many of us are still in need of 16 hours of continuing education units (CEUs) to maintain our Wyoming Journeyman or Master Electrician's license. Hundreds of changes were made to the newest edition of the NEC, most with extremely significant impact on our industry. This class will completely fulfill your requirements for updating your Wyoming license.

Some of the changes to the 2008 NEC:

- Residential AFCI Protection
- Reinforced Thermosetting Resin Conduit
- Electrified Truck Parking Space Equipment
- Grouping
- Multiwire Branch Circuits
- New Requirements for Residential Receptacles
- Neutral Definition

Cost for IBEW members - \$0
For all other Participants - \$100
