sponsored

## Applied Codeology Based on 2023 NEC- 16 Hours CEU's

These classes are FREE for IBEW members or employees of IBEW-NECA Contractors and \$150.00 for all others. Any participant that enrolls for a class through the WYOJATC and does not attend will have to notify the WYOJATC a minimum of 48 hours prior to the start of the class. Anyone that does not notify the WYOJATC a minimum of 48 hours prior to the class will be sent an invoice for \$50.00 payable to the WYOJATC. The participant will not be eligible for any WYOJATC classes until the invoice is paid.

**Class Date:** Saturday, Nov. 22 & Sun. Nov. 23, 2025

**Time:** 8:00AM to 4:30 PM (both days)

**Location:** Wyoming Electrical JATC Classroom 2090 Skyview Drive, Casper, WY

**Deadline to Enroll:** **Thursday, Nov. 20, 2025 by Noon**

**Required Materials:** 2023 National Electrical Codebook, orange & green highlighters.

Applied Codeology is not about studying the details of the information within the NEC but rather acquiring the method to qualify the information being sought and understanding the structure of the NEC. These steps give the user the knowledge of where to start looking for the answers in the NEC. To get the most out of the class, having a pre-highlighted NEC will help the student accelerate through the material. Highlighting every Article header green and every roman numeral part through out the code book orange before class will make the course more effective.

This course is good for 16 hours of CEUs.

Please call the WYOJATC at 307-234-8311 to reserve your place in class today!
